

Houses in the past

Diósd
Hungary

Comenius Project
Home Sweet Home

This poster you can see on the
exhibition

Part of the old village- Diósd

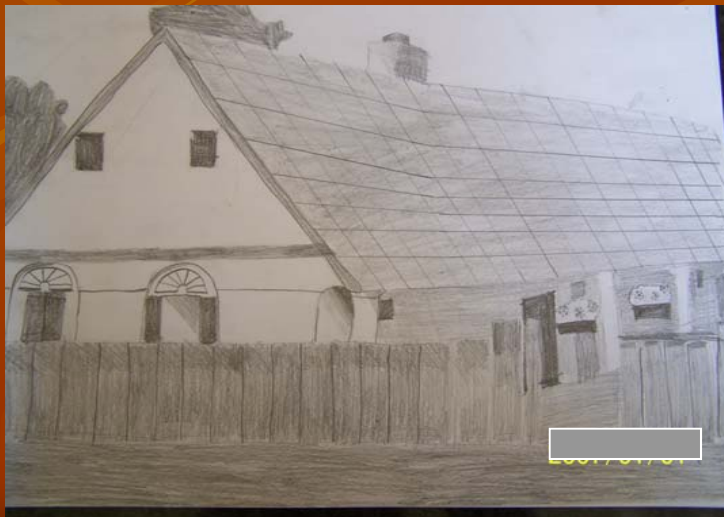

Inside an old house

Thatched roof houses

Some of our works-houses in the past you can watch them in the exhibition

It was interesting to create famous buildings

Wall paintings and clay houses

**In the first year of the project we organized
an exhibition about the past houses in
different regions of Hungary
You could see them in Diósd**

We produced a photobook, comparing different places in Diósd

..and we compared people- how did they look like- and now...

How did we
live?
in 1940s

Family

How do we live now?
in 2010

A boy
in 1944
(he is 74 now!)

And a boy in
2010

We could imagine how the life was in
the past....

...and we wrote a lot of essays, made interviews with our grandparents, went on field trips and in museums and lots of others...

The background of the slide is a solid brown color with a pattern of faint, stylized autumn leaves in various shades of brown and tan. The leaves are scattered across the background, some overlapping, creating a seasonal and naturalistic feel.

**Good bye, let's watch our
present...**
